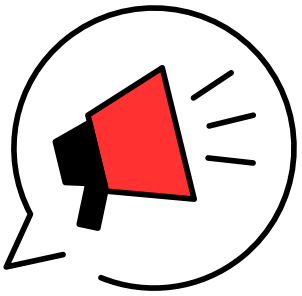
WE ARE LOOKING FOR

RESEARCH PARTICIPANTS FOR CASE STUDY



Identifying the influence of social support sources and types on the educational experiences of Australian gifted high school students.

STUDY 2

Participants

Are you:

- a high school student in Year 7–12?
- identified as gifted?
- enrolled in and attending any high school anywhere in Australia?

Please consider taking part in this research project.

What's Involved?

- One, 60-minute, online group discussion or individual interview
- Nomination of social supports (teacher/s, parent/s. friends) to join the discussion
- Provide confirmation of gifted identification
- Share artefacts associated with received supports (e.g., teacher feedback)
- Selection of a pseudonym (for anonymity and confidentiality)

Submit your EOI
